Filming Procedures

Downtown Film Activity Impacts

1. If customer access to business is directly impeded during business hours, a maximum of \$200 per day will be paid for filming activity: set up, filming, and breakdown.
2. If the business is directly affected by filming, compensation will be decided between the filming company and business owner.

Residential Film Impacts

1. Typical film days shall be conducted between the hours of 7:00 a.m. and midnight for set up, filming, and breakdown. If no traffic restrictions exist for the residents within 200 linear feet of the film location, \$0 compensation per resident is required.
2. If filming or wrap up is to extend beyond midnight compensation per each resident within 200 linear feet of the actual filming location shall be compensated at a rate \$50 per each day of film activity, excluding exceptional activity, i.e. pyrotechnics, explosions, etc.
3. If road closures exist, all impacted residents shall be compensated at a rate of \$100 per day for their inconvenience.
4. Private property use will be an agreement between the filming company and homeowner.
